**STATE OF TENNESSEE  
DEPARTMENT OF ENVIRONMENT AND CONSERVATION  
DIVISION OF WATER RESOURCES  
William R. Snodgrass Building - Tennessee Tower  
312 Rosa L. Parks Avenue, 11<sup>th</sup> Floor  
Nashville, Tennessee 37243-1102**

Public Notice Number: **FEN0000020**

**March 21, 2016**

### **NOTICE OF PROPOSED ISSUANCE OF UNDERGROUND INJECTION CONTROL PERMIT**

The Tennessee Department of Environment and Conservation Division of Water Resources (Department) intends to issue an Underground Injection Control (UIC) permit under the authority of 0400-45-06 to

**Enrema, LLC  
728 South Jefferson Street Suite 4  
Cookeville, Tennessee 38501**

UIC Permit Application Number: FEN0000020

The proposed Class II Enhanced Recovery permit will authorize the conversion, operation, plugging and abandonment of the Bruno Gernts F76V1 enhanced recovery well in the Parker Lane Field located in Fentress County, Tennessee, Latitude 36.40502, and Longitude -84.84861.

The permitted well will be used to inject only natural gas provided by a dedicated line that passes through the permittee's operations within the Parker Lane Oil Field. The injection zone will be the Lower Zone within the Monteagle Formation in the perforated interval from 876 to 906 feet below the surface.

The proposed UIC permit was drafted in accordance with the provisions of the state Clean Water Act, as amended Section 69-3-108 of the Tennessee Water Quality Control Act (WQCA), and other lawful standards and regulations. The permit limitations and conditions are tentative and open to comment from the public. Persons wishing to comment upon or object to any aspects of the permit issuance are invited to submit same in writing within thirty (30) days of this notice to the State of Tennessee Department of Environment and Conservation

Division of Water Resources Underground Injection Control Program.  
William R. Snodgrass Building-Tennessee Tower  
312 Rosa L. Parks Avenue, 11<sup>th</sup> Floor  
Nashville, Tennessee 37243-1102,  
ATTENTION: Mr. Scotty Sorrells.

The public notice number and the UIC permit number should be included in the first page of comments. All comments received during the public notice period will be made a part of the administrative record of this permit and will be available for public review.

All comments received within the thirty-day period will be considered in the formulation of the final determination regarding the permit issuance. Any interested person may, within the thirty-day period, request a public hearing, as provided by T.C.A. § 4-05-201 *et seq.* Where there is a significant degree of public interest in the proposed permit issuance, the Department will hold a public hearing. Any request for a hearing must be in writing to the address given above and must state the nature of the issues proposed to be raised in the hearing.

After consideration of all timely written comments, the requirements and policies in the Tennessee Water Quality Control Act and appropriate regulations, and, if a hearing is held, after consideration of all comments, statements and data presented at the hearing, the Commissioner or their designee will make final determinations regarding the permit issuance. If the final determinations are substantially unchanged from the tentative determinations outlined above, the Commissioner or their designee will so notify all persons who submitted written comments or participated in the hearing, if any was held. If the final determinations are substantially changed, the Commissioner or their designee will issue a public notice indicating the revised determinations.

Within thirty (30) days after the Commissioner serves notice of the above final permit decision, any person who filed comments or participated in the public hearing, if any, may petition the Board of Water Quality, Oil and Gas to review the permit decision or any condition therein. Any person, who failed to file comments or failed to participate in the public hearing, if any, may petition for administrative review only to the extent of the changes from the draft to the final permit decision. Additional information regarding administrative review is available in T.C.A. § 4-05-201 or by contacting Ms. Katherine Barnes of the Office of General Counsel at the above address or telephone number (615) 532-0131. Technical information regarding the permit review is available by contacting Mr. Scotty Sorrells of the Ground Water and UIC Program at (615) 532-9224. A petition to the Board of Water Quality, Oil and Gas is a prerequisite to the seeking of judicial review of the final permit decision.

The administrative record, including application, statement of basis, draft permit, comments received and additional information on hearing procedures is available by writing to the Department at the above address, or for review and copying at 312 Rosa L. Parks Avenue, 11<sup>th</sup> floor Nashville, Tennessee, between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday. Copies will be provided at a cost of 20 cents per page.

Please bring the foregoing to the attention of anyone who may be interested in this matter.
